LPR City Surveillance, Hungary

vario2

LED Lighting for Security

Outstanding Distances | Interchangeable Lens System | Hotspot Reduction Technology

Infra-Red Standard

Variants: i2, i4, i6, i8, i16
(single panel, multi panels also available)
Consumption: 10W - 100W
Wavelength: 850nm (940nm available)
IP rating: IP66
Max distance: 78m - 500m

White-Light Standard

Variants: w2, w4, w8, w16
(single panel, multi panels also available)
Consumption: 11W - 84W
Total Lumens: 932lm - 7,453lm
IP rating: IP66
Max distance: 60m - 250m

Infra-Red POE

Variants: i2, i4, i6, i8
Consumption: 8W - 49W
Wavelength: 850nm (940nm available)
IP rating: IP66
Max distance: 62m - 350m

White-Light POE

Variants: w2, w4, w8
Consumption: 9W - 47W
Total Lumens: 466lm - 3,727lm
IP rating: IP66
Max distance: 42m - 180m

Infra-Red IPPOE

Variants: i4, i6, i8, i16
Consumption: 15W - 93W
Wavelength: 850nm (940nm available)
IP rating: IP66
Max distance: 144m - 500m

White-Light IPPOE

Variants: w4, w8, w16
Consumption: 25W - 75W
Total Lumens: 1,863lm - 7,453lm
IP rating: IP66
Max distance: 110m - 250m

Perimeter Surveillance, China

City Surveillance, France

Supermarket Surveillance, UK

Infra-Red Extreme

Variants: i8, i16
Consumption: 46W - 100W
Wavelength: 850nm
 (940nm and White-Light available)
IP rating: IP67
Max distance: 350m - 500m

Infra-Red 730nm

Variants: i8, i16
Consumption: 40W - 75W
Wavelength: 730nm
IP rating: IP66

Hybrid Standard

Variants: hy4, hy6, hy8, hy16
Consumption: 13W - 78W
Wavelength: 850nm and White-Light
IP rating: IP66
Max distance: 130m - 450m

Hybrid IPPOE

Variants: hy4, hy6, hy8, hy16
Consumption: 15W - 77W
Wavelength: 850nm
 (940nm available) and White-Light
IP rating: IP66
Max distance: 130m - 450m

Infra-Red Panoramic Ultra

Variants: i6-3, i8-3
Consumption: 75W - 138W
Wavelength: 850nm
 (940nm and White-Light available)
IP rating: IP66
Max distance: 170m - 260m

Lighthouse Kit

The VARIO2 Lighthouse Kit (VLK) is a fully integrated lighting, camera housing and mounting bracket solution.
